Suite 104
Temple, TX 76502
Office: 254-732-6631
Fax: 512-582-8617

Even though we are committed to compassionate care, we must exercise proper due diligence when prescribing opioid analgesics for chronic pain. Prescription drug abuse has reached epidemic proportions in our society. Therefore, our clinic policy is that an appropriate workup must be completed prior to the dispensing of an opioid prescription. This workup will include review of previous pharmacy/clinic records, evaluation by diagnostic and laboratory tests, and acceptable completion of a urine drug screen yielding expected results. Common examples of opioid analgesics include hydrocodone, morphine, oxycodone, fentanyl, opana, and methadone. Prescriptions for these medications will not be given at an initial visit.

- Please bring your driver’s license and insurance cards along with your completed new patient paperwork to your scheduled appointment. Payment for services are expected at the time of service (co-pays, co-insurance, private pay). We accept cash, check, money order and credit cards (Visa, American Express, MasterCard, and Discover).

- If you have been instructed to obtain imaging reports and/or films by our staff, please bring them to your appointment. Our office requires these as part of your consultation. If we do not have your films at the time of your appointment, you may be rescheduled.

- Your initial visit at the Practice is a consultation. If a doctor referred you for an injection, you must be seen for an office visit first. Procedures are scheduled after the initial consultation.

- If English is your second language, please make arrangements for someone to accompany you to your visit who can translate in order to provide you with the best healthcare service. We want you to fully understand your diagnosis and prognosis and have any questions you may have answered.

We wish to make your visit as comfortable as possible, so please do not hesitate to contact us if you have any questions at the numbers listed above.

Notice of Financial Interest
This is to serve as legal notice that the physicians at this location providing my care have a financial interest in The Pain Relief SurgiCenter, Ambulatory Surgery Center of Killeen, Pain Specialists of Austin Pharmacy and Hunter’s Creek Pharmacy. I understand that I am free to choose any facility for obtaining services or prescriptions that are ordered for me.

Physicians include the following: Hans Bengtson, Daniel Frederick, Genaro Gutierrez, Gary Heath, Vivek Mahendru, Ahmed Mahmoud, Pankaj Mehta, Eric Miller, Rahul Sarna, Samuel Stevens, Steven Sloan, Derrick Wansom, John Wages.
Patient Acknowledgement Statement

I understand that services or items that I have requested be provided to me by Central Texas Pain Center or Pain Specialists of Austin (as applicable, the “Practice”) may not be covered under my insurance as being reasonable or medically necessary for my care. I understand my health plan determines the medical necessity of the services or items I request and receive. I also understand I am responsible for payment of the services or items I request and receive if these services or items are determined not to be reasonable or medically necessary for my care.

Advanced Practitioner Consent for Treatment

The Practice has on staff physician assistants, nurse practitioners, or advanced practice nurses to assist in the delivery of medical care of pain management.

A physician assistant is not a doctor. A physician assistant is a graduate of a certified training program and is licensed by the state board. A nurse practitioner or advanced practice nurse is not a doctor. A nurse practitioner or advanced practice nurse is a registered nurse who has received advanced education and training in the provision of health care. Under the supervision of a physician, a physician assistant, a nurse practitioner, or an advanced practice nurse can diagnose, treat and monitor acute and chronic disease as well as provide health maintenance care.

“Supervision” does not require the constant physical presence of the supervising physician, but rather overseeing the activities of and accepting responsibility for the medical services provided.

A physician assistant, a nurse practitioner, or an advanced practice nurse may provide such medical services that are within his/her education, training and experience.

I have read the above and hereby consent to the services of an advanced practitioner for my health care needs. I understand that at any time I can refuse to see the advanced practitioner and request to see a physician.

Acknowledgment of Urine Testing Policy

I understand that the Practice reserves the right to perform random urine testing on any patient. I have the right to refuse the urine test but may then not be prescribed any medications or given refills of medications.

Acknowledgment of External Rx History

I understand that the Practice reserves the right to obtain an external Rx history and randomly verify past medications through the Prescription Drug Monitoring Database in order to be prescribed any medications.

Acknowledgment of Late Arrival Policy

If you are unable to make an appointment, please call within 24 hours prior to your appointment time to reschedule. If you fail to notify our office prior to missing your scheduled appointment, you will be charged a NO SHOW fee of $25 for an office visit and $50 for a procedure. Frequent NO SHOWS may result in a release from the Practice.

Access to Protected Health Information – HIPAA Privacy Rule’s

I give permission for the Practice to leave appointment information, test results, and/or pre-operative instructions on voice message for the following phone numbers or with the following individuals:
